14 years of experience

Casablanca (Morocco) - mr.jalaljanati@gmail.com / +212.661.42.07.72

Career Summary

Associate Manager with 14 years of experience in Project, Program and Portfolio Management.

Versatile thanks to an atypical background and a diversified education, I have acquired strong managerial skills allowing me to successfully manage large-scale projects, especially in the IT field.

My ability to adapt to complex environments and my mastery of key aspects of Project Management, such as multidisciplinary team coordination, stakeholder management, planning, budgeting, quality assurance and risk management, have contributed to the success of several projects throughout my career.

A servant-leader with excellent interpersonal skills, I have developed a communicative, solution-oriented and results-driven vision that creates a productive and positive work environment.

My current experience with an international consulting firm has corroborated my versatility and proven ability to successfully lead a variety of projects of strategic scope on a national and international scale.
